**Summary of reasons for decision:**

The DVD contains a feature previously classified under the Films, Videos, and Publications Classification Act 1993. The original 35mm Film was classified "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years" with the descriptive note "Contains sex scenes, offensive language". This decision (OFLC No. 802306) was registered on 20 November 2008.

As well as the feature, the DVD contains three trailers, notices and deleted scenes. The material in these additional components does not require this publication to be given a different classification to that of the film originally examined.
